

### REMARKS

Prior to entry of this amendment, claims 20-26 are currently pending in the subject application. Claim 21 has been amended. Claims 27-31 have been added. Claim 20 is independent.

In the outstanding Office action, mailed October 2, 2006, the Examiner asserted that the claims are directed to two patentably distinct species and required applicants to elect a single species from one of the two embodiments:

Embodiment 1 of Figures 3A-3F; and  
Embodiment 2 of Figures 4A-4G.

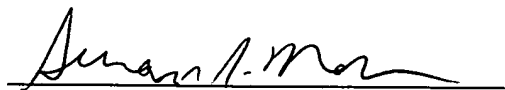

The Examiner indicated claim 1 [sic] was generic. It is respectfully submitted that claims 20-27 and 30-31 are generic, that claim 28 reads on Embodiment 1 and claim 29 reads on Embodiment 2. The applicants hereby elect Embodiment 1.

Therefore, it is respectfully requested that claims 20-28 and 30-31 be examined. Action on the merits is solicited.

If the Examiner believes that additional discussions or information might advance the prosecution of the instant application, the Examiner is invited to contact the undersigned at the telephone number listed below to expedite resolution of any outstanding issues.

Respectfully submitted,

Date: November 2, 2006
